ORDER

This matter is before the court on Jeffery Jerome Chapman's Motion to Produce All Discovery and Jencks Material [DE-102] and Motion for Docket Sheets [DE-103].

In his Motion to Produce All Discovery and Jencks Material, Chapman requests a complete copy of his discovery and Jencks material because he is in the process of filing a § 2255 motion. If Chapman elects to file a § 2255 motion and it survives preliminary screening, the court may allow discovery. *See* Rules Governing Section 2255 Proceedings, Rules 4, 6. At this time, however, Chapman's Motion to Produce All Discovery and Jencks Material [DE-102] is DENIED without prejudice.

In his Motion for Docket Sheets, Chapman requests a copy of the docket sheet for his case and his codefendant Gerald Lee Banks' case. Chapman's Motion for Docket Sheets [DE-103] is ALLOWED. The Clerk shall send Chapman a courtesy copy of the joint docket sheet showing the public entries for both cases.

SO ORDERED.

This, the 16th day of June, 2015.

JAMES C. FOX
Senior United States District Judge
